

## Suppliers / Equipment Items

For a many items there are multiple suppliers listed. Some items are several times mentioned, as they may be part of the personal as well as the emergency equipment. For details see respective subsection and the list "Equipment Items / A - Z". Depending on your journey, the duration of your trip and persons on board, items may be omitted or added. Use good judgment! Start to acquire your gear early. What you need might be considerably less than what you find in this list. When buying a complete survival pack check content against this list. A great number of items might already be included. Beware of buying double. Always carefully weigh size, weight and usefulness against price.

Please report any suggestions, mistakes, omissions, hints and tips to [info@aeroexplorer.biz](mailto:info@aeroexplorer.biz). Thank you!
